## Apply for Assessment Educator Committees

Each year the Texas Education Agency (TEA) invites Texas educators to provide feedback on the development of state assessments (STAAR, STAAR Alternate 2, and TELPAS) through educator committees across all assessed grades and content areas. Developing high-quality, aligned questions relies on the expertise and experience of Texas educators. Participants collaborate with other educators from across the state to review, edit, and approve each potential question for state assessments. TEA is specifically looking for educators from your region!

The commitment is generally two to three days in Austin with all travel, accommodations, and substitute coverage paid for by TEA. All participants will earn Continuing Professional Education credits. If you are interested or know other educators who would like to participate in a committee, fill out that as (c)-1.
