1	<p>Increased enrollment due to student displacement in the 2017–2018 school year.</p> <p>Is this currently a legally required cost to the state? Yes.</p> <p>Issue: Many districts have newly enrolled students displaced from their home districts because of Hurricane Harvey. TEA does not normally increase Foundation School Program (FSP formula) funding to districts during the school year when there are increases in student enrollment. Instead, FSP formula increases due to enrollment changes are made during the FSP settle-up process occurring in September of 2018 (FY 2019) following the school year.</p> <p>Solution: Districts can receive an increase in their state aid during the 2017–2018 school year if they have increased average daily attendance (ADA) and apply to TEA. To date, three districts have applied for adjustments, with a total of 930 students in average daily attendance.</p>	<p>TEA issued guidance to school districts. Beginning with the October 2017 FSP formula payment, TEA will increase the amount of state aid to districts that have (1) additional ADA and (2) submit an application to TEA.</p>	\$380 million

For FY 2019, TEA will request a supplemental appropriation during the 86th Texas Legislature for the difference between the amount necessary to fully fund the formulas in FY 2019 and the amount appropriated in the General Appropriations Act.

Importantly, however, districts cannot recover more than their recapture payments (see row 9 below).</p> <p>Solution: Chapter 41 districts with eligible remediation costs can offset recapture payments by applying to TEA in the 2017–2018 and 2018–2019 school years.</p>		<p>leaving districts with at least a 10 percent uninsured and uncovered loss.</p>	<p>leaving districts with at least a 10 percent uninsured and uncovered loss.</p>		
9	<p>Facilities damage related to Chapter 42 districts and Chapter 41 districts beyond recapture.</p> <p>Is this a legally required cost to the state? No.</p> <p>Issue: The Texas Education Code provides that (1) Chapter 42 districts can receive facilities assistance, and (2) Chapter 41 districts can receive facilities assistance beyond their recapture payment amounts (see row 8 above), only if there is an FSP surplus in the fiscal year. Even if there is an FSP surplus, TEA must first use the surplus to finance special education camera needs.</p>	<p>TEA is encouraging districts to work with their insurance providers and FEMA to determine unreimbursed damage amounts.</p>	<p>TBD</p> <p>\$0 unless TEA borrows money from FY 2019 to create an FSP surplus in FY 2018. This has never been done before.
