

**[SUBJECT: March 18, 2020, Upcoming STAAR Alternate 2 and TELPAS Activities]**

To the ESC and District Testing Coordinator Addressed:

This communication is to inform

## **2 Material Returns**

Due to the cancellation of 2020 STAAR Alternate 2 administration based on COVID-19, all materials that have not already been processed have been cancelled. Districts should return materials as soon as practicable. A district testing coordinator packet, which includes a return carrier memo, is in the first box of your materials shipment. If you need to verify shipment quantities, repack the materials into the boxes, seal each box with a return label and a shipping label to each box.
